WOG -16

WOG -19

Specification

- Type : Combined Spray/Jet Water Nozzle
- Material : Operated head : Rubber and Brass, chrome-plated
Body : Polymethylene(POM), impact-resistant, resistant to high & low temperatures
- Working Pressure : Up to 16 bar
- Nozzle Type : WOG -12, WOG -16 & WOG -19
- Dimensions : Close position : 308(L) x 76.2(D) mm
Open position : 288(L) x 76.2(D) mm
- Inlet Connection : 2" BSP male thread
- Weight : Approx. 0.8kg without coupling
- Effective Throw (at 6 bar)

Type	WOG -12	WOG -16	WOG -19
Flow Rate	222 LPM	326 LPM	366 LPM
Distance	36 M	39 M	43 M

- Approval : MED (Marine Equipment Directive 2014/90/EU)
- Note : Available with coupling on request Connector :(Storz/Machino/Nakajima/BS336/NH/BSP.etc.)
